

ND COLOR CODE

Fastener Identification

PreApplied

ND
INDUSTRIES

DESCRIPTION:

- ND Industries® has developed special processing equipment for applying paint, dye or ink in virtually any color to the heads or tips of fasteners. By color-coding your parts, you will easily be able to identify specific characteristics, such as:
 - Locking or Non-Locking
 - Right or Left-Hand Thread
 - Sealing or Non-Sealing
 - Material
 - Unusual Dimensions
 - Size
 - And more . . .

FEATURES:

- Assures Quality Control:** ND Color Coding facilitates proper assembly and inspection procedures.
- Expedites Assembly Process:** Easily identifiable parts speed any assembly process.
- Simplifies Inventories:** Color-coded parts are easy to identify and inventory.

- Versatile Processing:** ND can color-code fasteners of virtually any size, shape, material or finish in any quantity, from small lots to million-part production runs. In addition, ND can dual process fasteners with additional quality ND fastener locking and sealing devices.
