

EUROLINK
FASTENER SUPPLY SERVICE

Eurolink is the premier US distributor of metric fasteners and specializes in complimenting and extending your basic fastener lines with hard-to-find metric fasteners manufactured to both DIN and ISO standards. Eurolink specializes in supplying the hard-to-find metric fasteners that other metric distributors normally "no quote." Our goal is not only to make purchasing of these hard-to-find metric fasteners more effortless, but to also help our customers capture the business previously being passed on due to "no stock" here in the U.S. With access to more than 100,000 C-class metric fasteners throughout Europe, our product availability includes bolts, screws, nuts, washers, rings, pins and studs.

Eurolink has the ability to offer any DIN or ISO metric fastener in both steel (3.6, 4.6, 4.8, 5.6, 5.8, 6.8, 8.8, 10.9, 12.9) and stainless steel (A1, A2-50, A2-70, A4-70, A4-80).
